TECHNICAL DETAILS

Construction: Diecast aluminum with a powder coated finish.

Installation: Twist-on design allows for easy mounting onto the Koto™ LED Module.

Lamp: Koto™ LED Module.

****ELK4111SH Natatorium Rated Trim (non-conductive), Lexan Trim ring, Glass Lens:** For Natatorium applications, it's crucial to utilize weatherproof silicone sealant to seal gaps between the ceiling and the trim. As well as between the trim and the lens. This precautionary measure safeguards fixtures and other mechanical ceiling elements from potential damage due to moisture and water exposure.**
