

4" Vertical Architectural CFL Downlight Housings

Features

- Ceiling Opening: 5".
- Lamp: (1) 4 Pin Quad or Triple Tube.
- 120/277V Electronic Ballast.
- Energy efficient.
- Single wall construction.
- Integral thermal protector guards against improper lamping.

Specifications

Wattage	18W - 26W
Voltage	120/277V
Lamp Type	CFL
Damp Location	Listed

Dimensions

Technical Details

Construction: Housing adjusts in frame to accommodate up to 1 1/4" ceiling thickness. Aluminum housing for greater heat dissipation. Stamped galvanized steel frame.

Installation: High strength hanger bars can easily be nailed to joists. Maximum hole cutout is 5". Suitable for t-grid and drop ceiling applications. See installation sheet for detailed information.

Junction Box: Positioned to accommodate straight conduit runs. Seven 1/2" trade size conduit knockouts, four 3/4" knockouts with pry-out knockout slots. 4 Romex pryouts with strain relief. Maximum (8) No. 12 AWG branch circuit conductors (4 in, 4 out).

Hanger Bars: Pre-installed hanger bars with True Nail facilitate easy installation in regular lumber, engineered lumber, and laminated beams. Integral T-bar slots for easy installation in T-bars. Spans up to 24" and can be repositioned 90°. Score lines allow for tool-free hanger bar size reduction. Integral leveling flange allows for single-person installation while aligning the housings with the joists.

Electrical:

- Input Voltage: 120/277V AC. 347V available
- Inherently protected

Dimmability:

- Dimming and Mark X Dimming available

Listings:

- UL Listed for Damp Location
- UL Listed for Feed Through

Warranty: ELCO Lighting warrants products will be free from defects in materials and workmanship for a period of 3 years.
