## 5-COLOR TEMPERATURE SWITCH LED INSERTS

This unique LED recessed downlight gives you the options you are looking for in one fixture. The manual switch located on the driver allows you to choose between 2700K, 3000K, 3500K, 4000K or 5000K. This is the perfect light for bedrooms, kitchens, closets and generally all living spaces. Our energy saving fixture gives you all of these options at the flip of a switch. Medium base adapter included. CA Title 24, JA8 E-2016. Life span of 50,000 hours L70.
